There is a dining room to use for your family meals, or you could use it as a nice office area.

Lots of storage throughout and the kitchen has gorgeous cabinets and lots of them! The stove stays and there is plenty of room for a large fridge.

The door off the master bedroom and hallway leads to the spacious bathroom.

Outside is a large, fenced back yard, carport with storage room and a storage building as well.

The front of the home has a great front porch and large trees to give plenty of shade and curb appeal. The roof is approximately 4 1/2 years old.
