\$750,000

Can buy all since they adjoin, or owners will split up in a certain way. All of the addresses have their own door but if split, walls will have to be added between. Prefer to sell all together which would give the Purchaser approx 11,500 sq. ft. Currently a furniture company is in all of the buildings.

201 and 203 W. Main Street are approx 4000 sq ft and are on prime corner lots. There are 2 doors on the front of the building and a side entrance on Kemp st. Plenty of parking on the side and on the front of Main street. There is a break room with storage. 205 W. Main Street is approx 3500 sq ft. and 207 and 209 W. Main street are both approx 2000 sq ft. each and have parking behind the buildings for employee parking

All of the buildings are in prime locations and all have their own heat and air systems. There are several 1/2 baths and all have open floor plans. Windows are great for displays.

Listed for \$750,000 for all or call for prices and how they can be split up. Appointment only.
